

The 11 Ursuline Martyrs of Valenciennes

Visitor's guidebook

Saint Géry Church in Valenciennes

We first begin with Darkness

Remembering their life when they were jailed in their own convent.

Their trial, their being condemned to Death

Next, let's go into Light

We detain five documents full of light: the martyrs' letters.

Take your time to read them. They express the Ursulines' deep feelings a few days before their death.

Notice the ending of each one of them.

The road from darkness to light goes through the Cross.

Discover the story of Mother Clotilde's cross, a cross that was pulled out, and then handed down.

The display ends with our answers to this light

In Valenciennes, with Notre Dame du Saint Cordon stained glass windows

Also in Saily in Ostrevent and in Pont sur Sambre.

We resume our daily life, strengthened by our Sisters' prayer

**« We won't forget you when we are in hold
of His Glory»**
